

APRILE

Premium Door Handles | Benelux
edition 2024

STILE

 STERK

**ENGER - manufacturer
and general distributor of
handles and accessories of
the marks APRILE, STILE
and STERK.**

ENGER has undergone a huge evolution over the past twenty-eight years - from a Polish family business to a design brand operating on global markets, from being a distributor of handles from other manufacturers to being a producer of its own collections and designs created by award-winning designers.

The company's transformation has always been driven by Robert Kwiecień's ambition and courage, his ability to listen to the needs of the market and his persistence in finding the best solutions.

The company motto 'The power of detail' epitomises everything we do. The quality of our products is measured by the class of each detail and our complete understanding of our customers' expectations. We believe that it is the details that make the difference between good and excellent.
